

Floor Milk 920

For the care of oiled, waxed and lacquered surfaces.

Application range:

For all oiled, waxed and lacquered surfaces like wood, cork and linoleum. Use as basic care and for maintenance, after cleaning the surfaces with Vegetable Soap.

Technical qualities:

Made of natural raw material, protects against soiling and mechanical wear and tear. Satin finish without polishing after a short drying time, refreshes the surface, breathable, soil-resisting. Caring at regular intervals will lead to a nice patina. Biodegradable at least 99 % (OECD standard)

Full declaration:

Water, carnaubawax, lavender oil, bergamot oil, vegetable emulsifier.

Application:

Start the basic care of newly treated floors after 4 weeks at the earliest. Clean first with Vegetable Soap 930. Dilute 10-30 ml Floor Milk with 10 L lukewarm and fresh water.

Container sizes and coverage:

Depending on use.
