

Intensive Cleaner 935

For powerful cleaning of all oiled surfaces outdoors

Intensive Cleaner offers a very powerful cleaning for all oiled surfaces at the start of the season, or even between. Nevertheless, after the effective cleaning you should provide a new protection coat by applying Natural Timber Oil or Teak Oil. Only for extensive greying surfaces due to heavy weather conditions we recommend Anti-Greying Fluid 940.

Application range:

Intensive Cleaning of heavily soiled surfaces indoors and outdoors, such as wooden terraces and decks, fences, doors, flagstones and brickwork. Especially suited to clean soiled surfaces and remove fungi and algae. Highly concentrated.

Technical qualities:

Intense cleaning power, high yield. Made of natural and renewable raw materials, biodegradable.

Full declaration:

Soap made of soya oil, cocos oil, palm oil, lime potash and water. Surfactants are biodegradable according to the Detergent Regulation (EC) No. 648/2004.

Application:

Dilute Intensive Cleaner with water at a ratio of 1:20 up to 1:40 depending on degree of soiling, e. g. mix 250 ml Intensive Cleaner with 5 -10l water. Apply evenly by brush. The surface must be sufficiently wet. Let soak for approx. 20 minutes and rub/wash thoroughly by brush. If necessary the treatment can be repeated. Rinse the surface with plenty of water and let dry. If desired the surface should be treated with Wood Oil for outdoor use. Hint: In order to remove a heavy attack of fungi and algae leave the Intensive Cleaner to soak for 3 - 4 days. Rinse thoroughly with water. Use hard brush for removing remaining spots. Do not work at temperatures below -8°C.

Container sizes and coverage:

1l covers approx. 120 - 150 m².

Sizes Coverage...*

0,5l	Je nach Verschmutzung
1l	

* Coverage per coat

Storage:

Under cool and dry conditions. Opened containers should be closely kept.

Disposal:

According to locally regulated laws. European Waste Catalogue (EWC) 07 06 01.

Cleaning:

Clean equipments with water.

Hazard statements:

Causes skin irritation.

Causes serious eye irritation.

GHS07

Warning

Precautionary statements:

Wear protective gloves/protective clothing/eye protection/face protection.

IF ON SKIN: Wash with plenty of water.

If skin irritation occurs: Get medical advice/attention.

Take off contaminated clothing and wash it before reuse.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice/attention.

Keep out of reach of children.

Avoid release to the environment.

Dispose of contents/container according to local regulations.
