

Universal Stain Remover 945

Cleaning agent for removing stains from wood.

Application range:

Water-based cleaning agent for removing stains from treated and untreated wood.

Technical qualities:

Solvent-free product, good wetting of the surface of untreated, oiled or waxed wood. Penetrates into the pores. Stains such as coffee, tea or red wine stains are dissolved from the wood and washed away.

Full declaration:

Water, non-ionic surfactants. Surfactants are biodegradable in accordance with Detergents Regulation No. 648/2004.

Application:

Test on an inconspicuous area before cleaning. Spray undiluted onto the stains. After a reaction time of 15 - 30 minutes, gently work the stain with a brush or cloth until it has dissolved. Further treatment may be necessary. Remove the wash solution with lukewarm water and dry the surface with a cloth. Once completely dry, the surface can be finished with a maintenance product or with oil or wax.

Container sizes and coverage:

Depending on the type and degree of soiling Storage and shelf life: Store in a cool and frost-free place. Shelf life is at least 24 months if unopened.

<i>Sizes</i>	<i>Coverage...*</i>
--------------	---------------------

0,25l	Depending on use
--------------	------------------

* Coverage per coat
